General Report Comments: Upon arrival i hooted and there were guys mowing grass at the property.

One guy gave me attention and i requested him to call the family.

I was then met by Sisanda who was home. I shared a nature of complaint and he requested to call his mother before granting me access. He tried several times to call but there was no answer.

I instructed him to call the dogs at the property. I observed two dogs that appears to be in a good condition and clinically alert. Both dogs are roaming freely at the property. The property is adequately fenced.

Sisanda then explained that Mufasa is naughty he normally runs outside the gate once it opened.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there no further action that can be taken.
