General Report Comments: Upon arrival i met Sihle and shared a nature of complain

He didnt have any problems to grant me access but he has built an enclosure for puppies but the mother can enter the enclosure at any tome she want.

He further explained that at night once someone opens the door. The puppies will make noise thinking it time to play.

Two adult dogs were observed and they are in good health . The dogs are roaming freely having access to water and adequete shelter.

The living environment is clean and hyenic. Portable water is provided for the dogs

I strongly believe the case can be closed. There is no contravention of the Animals protection act 71 of 1962 and there is no further actions that can be taken.
