General Report Comments: Upon arrival i hooted but no response.

I went to look from the maingate

I observed two dogs on a running chain about 5 to 7 meters. The dogs appears to be in a good condition and have access to shelter. The dogs can express animal natural behavior and the living environment is clean.

I then contacted the owner to findout why the dogs are on the running chain.

He explained the mother is left alone at home ane she is old. He also explained when someone opens the gate the dogs will run outside. When he comes back from work he ensure the dogs are roaming freely.

I strongly believe the case can be closed. There is no contravention of the animals the animals protection act 71 of 1962.
