General Report Comments: Upon arrival i met Zama who granted me access.

The owner told me she came back at night and she doesnt understand why people are complaining. She pointed out a house accross the road stating that the neighbour told she must learn to keep her dogs quite at night.

The dogs were observed in a good condition and the kennels are at the back of the house. T
Water is provided and the living environment is clean . The living environment is clean and the dogs are roaming freely

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further actions that can be taken.
