General Report Comments: Upon arrival i met Chanel

She didnt waste no time and took me to the back where the Rabbit is kept. The eye problem was better that the first time i observed the rabbit.

The rabbit is isolated while receiving treatment and the antibiotics are finished. The rabbit has access to water and vegetables.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken
