General Report Comments: Access granted by the wife. The dog is still emaciated. Field officer Siya tried to convince to surrender however the dog belongs to the 14 year old boy who is very attached to the dog. The father of the house was not home and unreachable on phone. We suggested to admit the dog to our clinic who will then phone them to say if they are able to treat the dog and if not they can rather surrender the dog. They did not want us to take the dog without the father's permission. Left warning to either provide veterinary care or surrender within 24 hours
