General Report Comments: Mother phoned owner to gain permission to let me in. The rabbits (2) were kept in separate caged on top of each other on the stoep. +- 1m x 1m each, plastic surface separating the two. Both in good condition with water and food availble and cleaned. No appropriate sleeping areas. According to mother they are only let out of the encsures on the minimum. Left notice for bigger enclosures and proper sleeping boxes, Mother also mentioned that they might concider to rather surredering the rabbits as they dont actaully have much time for them
