General Report Comments: I went to Hillcrest Vet as i told them they must keep the dog before i got there .

To my surprise upon arrival the dog was released . I then contacted Simayo who is responsible for the dog.

I then drove to the exact address where they live. Simayo is a manor and also his brother. They gave me their parents numbers that went straight to voicemail. The vet administered medication for Blackie and i told Simayo and her brother that ill come tomorrow since they mentioned parents will be back midnight.

The dog in question was observed sick and has access to shelter. The living environment is clean.
