General Report Comments: Upon arrival i met Sihlr and shared a nature of complaint.

He granted me access and the dog in question was observed roaming freely having access to garage that was open as shelter. The living environment is clean and hygienic. The dog appears to be in good health.

Sihle further explained that her friends were coming to the property for a braai but when the gate opens the dog runs outside. Even the person who complained he knows them cos one vehicle was at thr gate. That why the dog was kept at the garage so his friends can drive in.

There is no contravention of the animals protection act and there is no further action that can be taken
