General Report Comments: Upon arrival i met Shanon he granted me access.

The property is separated and the dog in question roams in the front yard at night until the morning. Shanon explained that the dog got out in the morning when his son was going to school and the dog went out.

The dog in question was observed in good health roaming freely having access to shelter and water. The living environment is clean.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can ve taken.
