VETERINARY PROBLEMS / HEALTH CO	No	

General Report Comments: Owner of the boarding facility where animals are held was at site and accompanied me. Total of 38 dogs Belguim Malions, Boerboels, GSD, Sheppards, Rotweillers and Pitbulls. All in good physical conditions. Each enclosed in approx 1m by 4m enclosures with secured sleeping areas with pellets and bedding, sufficient food and water available. All dogs work nightshift so they start to load for sites from 3pm and return in the mornings at 8am. The boarding facility then feeds and check for injuries or signs of illness. When see they report directly to the handler on site called Devin. They then get the treatment needed and if not fit to continue working they get routated but they stay at the boarding facility. They also have exercise/relieve camps as well as grooming on site. Each dog has clear identification on their kennels. Checked trailers on site has not been washed from night before so still dirty however there is no accumulation of dirt trailers are in good working condition. Non slip flooring drainage inside and proper ventilation. NFA
