General Report Comments: Dog water bowl empty, security says only the handler who works night shifts gives the dog water. The enclosure also has a strong amaniac smell and the grass next to the sleeping kennel which is attached to the enclosure from the outside is long. Left a warning for the gaurd. The gaurd then send me a please call me and explained he is not there during the day and he does not have any disinfectant to clean. Told him to give my letter to his superiors. Contacted Devin who went and recified all the concerns within an hour. The dog received treatment for the hotspot a week ago and he will lodge a complaint againsts the gaurd.
