General Report Comments: Inspector Petra, inspector Kerrie and myself returned to the property.
We were met by the owner.
She owns 5 goats, 4 horses and 9 dogs.
All the animals appeared to be in acceptable condition.
They all had access to food and water,
There is grazing and there were bags of concentrate food and big bales of hay.
The professor said she only chains the dogs only if there are many visitors at next bread and breakfast property.
We did advised her to make big enclosure and cover it with shade cloth so that the dogs cannot see the visitors next door.
We are not sure if she was going to build it.
We will only go back there if we receive another complaint.
The right address is 22 Duiker Rd.
