General Report Comments: Upon arrival i hooted no one responded and it appears no one is home.

There is an old man who came to me while I was hooting at the gate.

He introduced himself as Moses

He further explained the house im investigating belongs to his son. His son is not home he told me i can have a look but people like to complain. He doesnt have keys to enter the property.

3 dogs are observed and they appear on a good condition when i looked through the fencing. The living environment is well mentained and shelter is provided. There is no dog observed on a chain.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken.
