General Report Comments: Upon arrival i hooted until the maid came to the gate and granted me access to enter the property.

I shared a nature if complaint but the maid couldnt understand what i was saying. It seems she is a foreign national. I ended up speaking to a guy at the property who was busy mixing concrete he told me he is a worker also.

There people at the property busy with renovations i then went back to the maid i tried my level best to communicate until she understood i came for the dogs. The dog was observed in an enclosure and it appears to be in good health. The dog has access to water and shelter. I gave the maid my bussiness card to get the owner to call me cos someone from the Spca was investigating this property.

I left the property and contacted the complainant for feedback. She kept on complaining about noise.

Two hours later i received a call from the owner who explained the enclosure is only used temporarily cos there are people at his property and once they leave. The dog is left to roam freely.

Within 10 minutes i received a call from the complaint stating the dog is roaming freely and shes happy that i visited the property.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken.
