The puppies are sold as he didnt want any puppies and he is happy with having only two dogs. I then offered a sterilization and he is interested which he further stated he will bring a female dog to the Spca himself.

I went to the property to have a look outside the gate. Two dogs were observed roaming freely in good health. The dogs have access to shelter and the living environment is clean , well maintained.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken. Dog booked for a steri
