CHECKLISTS

General Report Comments: No one home but two Pitbulls came to the gate. Both look in good condition and came out from their shelter. Left notice on the gate for the owner to call back. Owner called 14:10, his Pitbulls are not sterilised and the female is pregnant, educated on abortion and sterilisation. He said his tenants has three jack russels that are always out in the street and they have indicated that they dont want them anymore. Didnt want to give me their details but said he will give my letter to them so they can contact me.
