General Report Comments: Total of 10 dogs all enclosures were standard size. Sleeping areas at the back of enclosures with lifted walls to block draughts and wooden pellets as sleeping surfaces. Some pellets were broken and one dog a labrador in kennel 10 had no sleeping board. All dogs had water and were in good condition only boarder collie called Bruno appeared lame. He is apparently booked for a vet appointment on Monday 21/09/2026. They use bleach and F10 for disinfectant but only disinfect once weekly and rest of days only wash off with water. Advised to use some disinfected product daily and continue to use the F10 weekly.
