CHECKLISTS

General Report Comments: Upon arrival it appeared that a dog was lying on the ground in the back yard. After hooting and knocking several times it appeared the owners were not home. Access into the neighbour's yard was obtained to see the dog up close. When reaching the back yard the dog was seen to be deceased. The dog was still attached to a short chain. No forms of water was seen, and a dirty container with remnants of pap was near the dog. The shelter was a metal drum on its side.

None of the surrounding neighbours had contact details to reach the owners. A Notice to Comply instructing the owners to contact the Springs SPCA as a matter of urgency was left on the front gate.
