VETERINARY PROBLEMS / HEALTH CO	Yes *** 1 x male Weimaraner with skin cancer presenting on the nose.

General Report Comments: Mrs Jacqueline Fourie was not home but her mother met with me. She informed me that Jacqueline did get the Shoo Fly ointment and showed me the tube inside the house. The dog's nose was looking slightly less raw with less flies hovering around it. We once again spoke about quality of life and when the dog starts to deteriorate that they would make the decision to humanely euthanase.
