General Report Comments: Upon arrival at No 31 Mr Masilela informed me the dog is inside the house because of the rain. Inside the house the dog was sleeping in the lounge. The dog woke up and ran around all excited. The dog was in satisfactory condition and even sterilised. I was informed the dog normally free roams outside in the property but when it rains they bring him inside. In the back yard a large wooden kennel was present. A bucket filled with clean water was found near the back door.
