General Report Comments: Upon arrival I realised there were three different houses at No 16. The first house I approached a lady who informed me she does not have dogs but the people next to her do. I went to the house she pointed out and when knocking on the gate a Rottweiler emerged from the house. Shortly after Mrs van der Merwe came to the gate. I was informed that they only have the one dog and that Mrs van der Merwe is a stay at home wife. The dog has access to inside and outside the house all day, but majority of the time the dog is indoors with the owner. The dog was in satisfactory body condition. Inside the house was a bucket filled with water and an empty bowl. The dog is being fed a diet of Bow Wow and table food, but this diet is not reflecting negatively in the dog's body condition. The house was clean and so was the yard outside with no excess dog faeces noted.
