2026/01/05

Client:

Mr H Oliver

Patient:

Capuchin Monkey

Male

Age: just over 2 months

Current weight: 730 g

To whom it may concern

Mr Oliver brought in a baby capuchin on 2026/01/05 for a general check-up.
He was found to be clinically healthy with no obvious signs of infectious diseases or external parasites. Deworming was administered.

Kind regards

Dr W Koen
