General Report Comments: Hugh and I, Elani arrived at the property and met with both applicants. They are a young couple that just moved in about a month ago and excused that they are still fixing the place up and that it is quite empty.
They are both teachers who starts working on the 15th of January and still on holiday.
They have a young giant schnauzer that is very energetic. Upon inspection, they closed him in the backyard. They do let him inside the house when nobody is visiting. He had food water and toys and they mentioned they want to still get hom groomed.
He is very energetic and you can see he knocks his water bowl over from excitement. We educated them to put the bowl inside a tyre.
They use Boulevard Vet in Paarl. When asked whether their dog is used to cats, they said that Klaus is fine with their mothers cats when they visit her.
We reminded them to slowly integrate the two cats into their home over a months time which they understood completely.
They also made an appointment to get Klaus sterilized through Vetsol by us.

Home check approved as they are lovely people with a lovely home.
