Comments:	Elani and I,Hugh accompanied by Jacques from NSPCA went to Tomis.We arrived at the premises and we were greeted by the receptionist. We then asked her if we could see Bok so we could introduce Jacques and she agreed and called him.We then introduced them and Jacques asked to see the rest of the abbatoir which he allowed . Adin then came and they told us that he would be accompanying us. We then took a look at the sheep loading dogs aswell as the gridding which they are starting to introduce. We then moved over towards the cattle loading area and saw that they do not have any cattle but they haven't started slaughtering cattle yet because they haven't got any at the moment. We then went into the slaughtering area and checked the stunners . When all the inspections were done we set 3 cat traps. To follow up tomorrow.
