Comments:	Email sent to Bok Pretorius: Good day Just an update on the cat trapping we have done so far. We have caught 22 cats in total. There are still more cats by the rubbish dump. However, we are going to cease the cat trapping for now as it is very costly for us to drive to and from Tomi's abattoir every day . Especially if we do not trap any cats. We also noticed that some of the traps gets tampered with, stalling our progress. I will be visiting by the end of the month again to see whether the maintenance issues mentioned in my previous warning has been resolved. Kind Regards, Elani Graham Inspector
