CASE DISCUSSION NOTE

I called Theresa to find out where the business is and she explained that the are next to Boland Auto .

I arrived at the property and met with Theresa. She showed me the dog in question that did not seem injured at all but sick. This dog had a kennel and a bowl of water. Theresa said it is their dog and that he is not eating and he had yellow excretions from his eyes. They asked whether we can assist by taking him to the veterinarian but they cannot afford WAHG and do not want to euthanize the dog . I then informed them to take him to our mobile clinic and loaded the dog into their car and explained that its their responsibility.

They then agreed and took Boesman to our Mobile Clinic.
