Comments:	I called Mpho back and he asked me about the case. I told him the situation and he asked whether I want to confiscate under veterinary concerns. I told him no and explained in detail what the issue is and he asked again whether it's under veterinary concerns and I told him no under 2(1)(a), (b) and (e). He called back after a while and told us that we need to contact Farm Unit. He was also unaware that the complaint came from NSPCA even though he said he saw the emails. I explained that NSPCA asked us to assist and therefore they must let us know what to do as we asked them for advice and that we dealt with Maja. He then agreed to speak to Farm Unit for us. I made sure to inform him that we do not have a cattle trailer or the facilities to keep pigs so we need assistance possibly from Swartland or Cape of Good Hope SPCA.
