Comments:	Elani and I,Hugh arrived at the property and we were greeted by Karlien Mariana. We introduced ourselves and noticed one of the dogs that we have to collect roaming around freely on the farm.Karlien then put the dog in the crate for transport to SPCA. We then asked her where the other dogs are which we need to collect she then guided us towards another house. We then arrived at the property and the owners came outside ,we were then greeted by Johannes Joubert and we then introduced ourselves and he allowed us in. He then guided us towards the dogs and we noticed 3 dogs,one was on a running chain which was a male and two were on static chains which were females.They then agreed to sign over the two females which were on static chains. Dogs were collected.
