Comments:	Mr D Grove arrived at the SPCA with his girlfriend on Friday the 12th of July 2024 at approximately 16H10. They brought their two dogs with in the car. As they opened the door, the Pitbull escaped from the car and ran to the office and went after our office cat , Charles. That is when I pushed the dog away. The dog came back for Charles when I grabbed his choke chain to prevent him from attacking Charles. I told him to take the dog out of the office and he replied "Ek try Dude.". Mr Grove put the dog down again and the dog went for Charles again. I stopped the dog and told him again to go out of the office. Mr Grove pulled the dog back and slapped the dog twice in the face. He said The dog should listen. Deborah Hamilton witnessed this mand punching the dog in the face as well outside. To do GLC on Monday. Possible prosecution.
