**Comments:** EMAIL RECIVED FROM STUD OWNER: Good day,

I am the owner of Andamar Arabian Stud at Oude Wellington Estate. It has come to my attention that there are rumours floating around (also have the voice message forward to me from one of your inspectors) claiming that our horses are not taking care of. I take accusations like this EXTREMELY seriously. Firstly, I have worked with international rescue organizations for the last 40 years and have a crystal clear record. Secondly, I have personally funded - at great cost - moving these horses from the wilderness in the Kalahari where they were running completely wild and at risk of African Horse Sickness to quarantine and then to the farm. I do not appreciate half informed conversations and Chinese whispers about me or my stud being discussed with other stud owners in the area. I will be flying into South Africa in 4 weeks time and will be needing a meeting with the head inspector of Wellington SPCA followed up by the District Inspectorate. - I may or may not be accompanied by my solicitor. I have meetings in Johannesburg and can meet up with the SPCA head office if need be as I am not in the mood to have local SPCA representatives damaging my reputation that I am working extremely hard to maintain internationally - keeping in mind we have just brought FEI back into the area as main sponsor.

In short. I am extremely aware of what is needed in the care of horses. I need to be contacted directly +353 831417458 or emailed directly at dalyannemie@gmail.com in case there is a concern and I will definitely be keeping the recording of the SPCA representative discussing me and my horses with a third party as this goes against numerous legislations.

We have no affiliation to Rolf Schoemacher other than renting and renovating his land / establishing the paddocks and shelters which we have been working extremely hard at doing. We have spent hundreds of thousands of rands on this in a very short space of time in addition to moving horses into safer areas ect.

If there are any further issues I suggest you discuss this with either me or my solicitor - NOT with my neighbours.
