Comments:	Owner of the dog Bradley Williams 0835028791 arrived with his neighbour to explain what happened on Sunday morning around 03:00. He saw his neighbour Jalaal beating his dog with a metal pole inside of Jalaals premises. His dog Boesman (white and brown M Jack Russel x) was in such a bad shape that he had to be euthanized. I explained that they need to do an affidavit at SAPS. Later the same day, they dropped off the affidavit of what happened.
Captured By:	To follow up on Friday to get Jalals side of the story . INSPECTOR ONE 2024-12-17 12:36
