Follow-Up Date:	2024-10-14
Comments:	We caught the second cat today. Dr Deon Van Tonder decided that they will test, sterilize and keep two of the cats. I then returned them to WAHG and signed them over as claimants (see attached admission forms). They decided to keep these cats in the ward whilst catching the remaing cats. I left the trap there and they will let us know when they are finished trapping. Follow up on Monday for now.
