Comments:	I called Elzet to discuss the matter with her regarding the farm workers. She said she just needs guidance on how we can assist them with issues regarding animals seeing that the previous welfare does not help them anymore and issues are arising because of this. I said we are willing to help them with a sterilization project of she can get the people to agree with sterilizing their animals. We can also assist if they have any surrendered animals to bring us that the people dont want anymore. i also gave her the costs of our sterilizations for females and males. I then explained to her that we dont have jurisdiction in Paarl area and that I cannot take legal action as the farm falls under Paarl SPCA and we would get into trouble . She understood this and said she will get Paarl SPCAs number for cruelty complaints. She was satisfied with the information I gave her. This case can be closed.
