General Report Comments: Elani and I,Hugh arrived at the property to do a follow up checkup on the dog Candice. We then called from the gate and we couldn't see the dog from the gate.

We were then assisted by one of the tenants who then greeted us and we introduced ourselves .We explained to him what we are there to do and asked him where Candice is and he then told us she is in the house.He then opened the door for us and we saw her laying on the couch aswell as the built runner on the outside.

When asked why she's in the house he explained that they keep her inside due to the rain and we were pleased by the progress made by them.Candice looks well.

We were called by one of the tenants aswell because she wanted to surrender two injured cats .We then arrived at the tenant Janine Peterson and she then completed the surrender form(see In documents).

Case closed.
