General Report Comments: Elani and I,Hugh arrived at the property and the owner was there to greet us,we then introduced ourselves.

We then noticed that the two larger huskies were still matted .

We asked the owner if we could go inside and inspect the dogs living environment .He then notified us that the dogs are aggressive and territorial,also that he is going on holiday for the week but there will be someone to take care of and groom the dogs.

We asked him to take pictures of the area where the dogs sleep and the dogs water ,which he complied to.

We then issued a third warning to:
1.Ensure to groom Skylar and Max within 6days.

To follow up on Monday.
