General Report Comments: Elani and I,Hugh arrived at the property and some children in the road told us that he had left in an opposite direction.

We then saw the next door neighbour and introduced ourselves .He then allowed us inside the premises.

We then discussed with him and asked him if he wouldn't by any chance know what time Adam would be back.He then told us Adam usually leaves around the morning and comes back later in the evening.We then noticed Adam's daughter entering the premises where the two dogs live.

We then approached Michelle who's Adam's daughter and we introduced ourselves.She then allowed us in the premises to see whether our demands were met.As we approached the dogs we noticed that Adam had put in an effort to clean the environment aswell as buy bobtail adult food for the dogs.

The kennel was made comfortable for the dogs and they seemed more happier.

We then told Michelle that they should feed them atleast two times a day and that we will be back in a month to see whether the dogs have gained any weight.

Follow up 24 July 2024.
