General Report Comments: Hugh and I, Elani, got the complainant next to the road and followed him to the farm where the lamb was attacked by a dog named Bobby.

When we got there the lamb was still barely alive. Shawn said that his workers saw which dog did it but he doesn't want to open a case as the owner Piet agreed to surrender Bobby. I asked Shawn to fetch his gun and bring a knife as I did not have my captive bolt at the time. 5 minutes later he came back with his pistol and shot the lamb. I cut the throat for bleedout.

We then went to the farmworkers houses and met with Piet who caught Bobby for us and signed him over for surrender.

I noticed another farmhouse with a very thin dog on a static chain with no water and a broken kennel. I called for the owner Dawid who was very hostile at first and told him how he must fix her living circumstances.

I issued a warning to:

- 1) Ensure to feed your dog twice a day and buy Bobtail puppy food within 7 days (Don't feed bones, pap and potato peels)
- 2) Provide Kelly with water at all times (place bucket in tyre)
- 3) Ensure to fix Kelly's kennel within 7 days as the floor is broken and it is not water proof.
- 4) Provide Kelly with a running chain within 7 days.

To do a follow up within 7 days.
