General Report Comments: Elani and I,Hugh arrived at the property and we were greeted by Anneline .We then introduced ourselves and she allowed us to enter her premises.

When we entered her premises we noticed that she had two female dogs and one female cat(mimi) vlekkie and Blackie.She informed us that Vlekkie was recently pregnant and Blackie was currently pregnant.

We went inside her house and we asked her if she knows the reason that we are there .She informed us that she knows that one of vlekkies puppies was attacked by the next door pitbulls.When we asked how the puppy got out she mentioned her son might have left the gate open and we asked her how many puppies Vlekkie had and she told us that vlekkie had 2 puppies.One was killed by the pitbulls today and one of them was given to a lady who desperately wanted a dog.

We then asked her what she feeds her animals and she mentioned that she gives them dog pallets .

We then educated her on sterilization and she agreed to it and we gave her one of our clinic pamphlets.

Case closed.
