General Report Comments: Elani and I,Hugh arrived at the premises and we called from outside the gate.

We then stood a while and noticed it seemed no one was home ,but also noticed one of the dogs are still on a static chain and one is free roaming but no shelter.The dogs did have water and he did comply with the piping around the collar.

We then decided to call the owner and when asked about the runner and shelter he responded that he is still busy building the shelter and that he would most likely be done by Monday.He also said he's going to buy the running chain today and will try to fix everything by Monday.

Overall owner was compliant but warning 027 was issued to:

1.Provide your dogs with shelter and running chain within 7 days as discussed telephonically.

To follow up Friday.
