General Report Comments: We arrived at the property. Charlin and two other tenants were sitting on the stoep around a fire with the puppy by them. The front door was open.

When asked whether they bought food, they admitted that they still give house food and only get paid today. I then told them I'll come on the 7 day mark and check everything then. Charlin was very hostile and only wanted to know who complained. We explained several times we cannot divulge that information.

Because of the hostility, we didn't try to enter the premises and issued the owner with another warning which he refused to sign. He did take it from us though. I issued a warning to:
1)Provide adequate food, preferably puppy food within 72 hours.

We also explained the procedure on what we do but it didn't seem to register to Charlin as he just shouted "Poes Charlin!"

To follow up on Tuesday
