General Report Comments: Hugh and I, Elani arrived at the property and found Charlin and two tenants sitting on the stoep around a fire. The front door was open and Tashmika could move in and out of the house . Today Charlin was much more relaxed.

I told him we are there to do the final check on the food and outside shelter. He allowed us inside and went inside to fetch the food. They bought Vitagen puppy food. We then went to the back yard and found that they haven't built flooring in the sheltered area. As Tashmika is mostly inside now, I decided to help him and build a sleeping area for her outside and place a tyre and bucket there just so that it is ready and that they know Tashmika would be fine if she is left outside accidentally .

Inside the kitchen, there was two ice cream buckets, one for food and one for water.

The owners complied and therefore we gave Tashmika a quarter Triworm-D as they complied. I also educated the owner about future sterilization.

No Contraventions under the Animals Protection Act 71 of 1962 were found. Case to be closed.
