| CONFINEMENT OF ANIMALS          | Free roaming - in property |

General Report Comments: Elani and I,Hugh called the owner and he agreed to guide us towards his property.

We then stood next to the road and waited for him.He then arrived and we followed him towards the property.

He then opened the gate in order for us to enter the premises. We went to his front door and introduced ourselves,he then opened the door and we were greeted by his dog lily.She was overall very friendly and playful,we thus agreed that Ace and Lily would be a good match.He then showed us where lily sleeps and also her water and food.He stated that lily stays inside the house and is outside only in rare occasions.Lilys sterilization appointment also scheduled for next Wednesday.He also mentioned that he has a 6 year old cat that is sterilized and that lily gets along well with the cat.We were a bit uncertain as to whether ace gets along with cats .We then mentioned to him that we are going to do a cat test and we will be in touch with him.

Home check approved.
