General Report Comments: Elani and I,Hugh arrived at the property and we called in front of the gate. We could not see the dog from the gate at that point.

We then noticed children looking through the window and we called them but they didn't respond and disappeared after a while.

We then saw the dog after calling for a while and was not fully certain whether the dog was on a runner or a static chain but we noticed the shelter which was not adequate.The dog was also underweight.

We then issued warning 032 to(left warning on mailbox)
