CHECKLISTS

General Report Comments: Elani and I,Hugh arrived at the property and called the owner.She then picked up the phone and said she will open the gate for us and allow us in.

We then stood by the gate and we were greeted by Louise.We then introduced ourselves and she showed us around.We then noticed the height of the front yard fence was not high enough but she then informed us that the dogs will be kept in the back and it is separated from the back. We then went to the back and noticed a pool and she mentioned that they are still busy renovating because they moved in the house recently.

Overall the environment and space is good and friendly.We did inform the owner about the fencing and she mentioned they are busy trying to get it fixed.

Homecheck passed.
