General Report Comments: Hugh and I Elani arrived at the property and called Annemie twice without answer .

Elani then proceeded to call Marli who picked up and said that they did do the shelter and gave permission to enter.

As we entered we saw that Annemies car was there and called out for her .

We saw that the furthest paddock shelter has been fixed . As we wanted to leave, Annemie came out and started going off again on what our motus operandi is and whether we have been yo all the stables in Drakenstein and whether we treat the the same. I told her that she is more than welcome yo send us the list of places she knows about as we mist keep the complainant anonymous.

When asked about the newly erected shelter she claimed that the springs have not arrived yet. I asked whether we will see progress on other camps within 2 months and she said yes. She claimed again that she has 45 years eperience, her horses have a physio and she sponsored an event over the weekend and that these horses dont need shelter. I gave her the definition of an owner and explained that in nature they can go wherever they want. She laughed at thi.

To check other shelters within 2 months time.
