CHECKLISTS

General Report Comments: Hugh and I, Elani arrived at the property that is situated in a private nature reserve. The property is against the Paardeberg mountain and massive. The house does not have a closed yard as the mountain is the backyard.

I then called Claire to ask whether they are home as it seemed nobody is home. She answered her phone and said she is quite far from home dropping her daughter somewhere. I then decided to ask her questions over the phone with regards to which animals she has etc. She has one cat named Daisy that stays inside the house because of natural predators like caracals and leopards from the mountain. Gretel will also be kept inside. They use Paarl Veterinary Clinic . They also have a maid throughout the week as they work most of the time. We agreed that it is best for Claire to fetch Gretel over the weekend when they are home.

Home check passed.
