CHECKLISTS

General Report Comments: We arrived at the farm and waited for Renus to open up for us . We then followed him to his house at the bottom of the farm far from the owners. His house is situated next to a river in a lemon orchard.

He does not have animals at the moment and his house is built on stilts. He has quite a big space for ocean to roam in. He works at home 2 days a week and three days at work. On weekends he is home as well. Hugh and I educated him about keeping Ocean inside for the first month so he can get used to his surroundings. Renus understood this and that he needs to supervise Ocean when he goes outside.

He then said he will buy cat stuff today and fetch Ocean today . Home check approved.

To do post home check within a month.
