General Report Comments: Hugh and I Elani arrived at the property and saw 3 Sharpei dogs on the right hand side of the house. 2 of them are black medium sized dogs and one is a brown small dog.

I could see one kennel on the side of the house and fresh poop on the paving. They were enclosed in-between two gates.

We then knocked at the door and the cleaner opened up for us and said the owners are at work . They only get home around 16h00. She said she is scared of the dogs and when she is working 4 days a week in the house they are kept at the side. She does not know what they do at night.

Hugh noticed the dogs being in the back yard then. Rachel told us that they must have pushed the gate open on the side.

We left a 24 hour contact warning for the owner with Rachel.
