General Report Comments: I,Hugh arrived at the estate and spoke to the security.He then called Jeremy and he told the security to let us in since he's expecting us.

I then arrived at Jeremy's house and he was standing outside waiting for me.I then got out the bakkie,greeted him and introduced myself.He then asked where Elani was as he was actually looking for her since she left him a letter.I then explained to him that by leaving the letter she was not trying to attack him nor offend him it was just basically her trying to reach out so we could make contact.He then seemed at ease and a bit more calm.He mentioned that it felt like a racist attack on him and he's dogs since he is living in a high class area and is 'coloured'.

We then walked inside the house and I noticed one small dog named Tina running around freely ,i then asked him about her and he said that she was the runt of a former litter between the two adult dogs he has.I then walked to the backyard and he guaranteed me that the dogs won't bite me.He then opened the gate from the area where they were kept and they were very welcoming aswell as friendly.

I then checked the area where they are kept and noticed they have a waterproof shelter,clean water bowls,clean food bowls aswell as a clean environment.While walking inside he even showed me the treats that he has for the animals.We then entered the garage and he showed me both foods he had,puppy aswell as adult montego.He also showed me the area where the puppy was kept and it was clean with clean water bowls,clean food bowls and clean bedding.

Case closed.
